(Thanks to Rick Hill for his excellent work with KRC in planning and reserving the location for this event)

Rick Hill is editing the flyer he created to publicize our sponsor / advertiser program. It should be available for distribution soon.

There was a discussion on possible indoor flying sites. Several feel that the gym at Paragon School is too small & other options are being considered. Michael Friesel mentioned the gym at Smithville School & Dennis Friesel is looking at the gym at the Boy's Club location. Darrell Sisson is considering getting the Glen Curtis Gym in Martinsville on New Year's Day. Stay tuned for more details.

Steve Shoop gave a report on his chili cook-off / fly-in at his place in Brown County last month & offered left-over event T-shirts for sale.

A date will be selected in January for the R/C introductory program we promised the Boy's club. It will probably be held on a Tuesday afternoon before trainer night.

This probably belongs under the "interesting bits" heading & I don't remember how the subject came up, but Bob Watson announced that he went to the Indianapolis 500 in 1940 for fifty cents. Does that mean he's old?

The debate came up again this month about the danger & liability involved with putting on the club airshow. There was a heated discussion about insurance & our lawsuit-happy society.

Mark Sexton announced that after a review of the club's annual financial report, it has been decided to hold dues for 2011 at the current levels with no increase!

Lane Jorgensen reported that he never got the coveted "Dork Award" to Dave Poland but he had several new candidates this month. There was mention of the untimely death of a Kaos at

the hands of a Mr. Mellott & a broken T-34 belonging to a Mr. Self but “ultimately” Lane decided to award the prize to himself for another month after augering in his Goldberg Ultimate that very afternoon before the meeting.

The meeting was closed at 7:55:33...

Interesting Bits...

Jim Scott’s big red “Stick” that flew away several weeks ago has returned home. It was found several miles North & East of the flying site in a dry creek bed by a property owner on Anderson Road. It looks to be in pretty good shape for having landed on it’s own & living out in the wild for so long. Had it not been for the drought, it would surely have drowned.

Tim Sparks submitted some photos this month after he won the latest UMRA event. Congratulations Tim!
