June 2020 Edition

The May club meeting was cancelled due to the plague so there are no notes other than there has been no news on the annual bulk fuel order or the club apparel order. I did get information from VP Rick Hill that past club member Gary Sweeney has rejoined the club. Welcome back Gary! The plan for the June 10th club meeting is to hold it outdoors at the club field practicing social distancing & weather permitting.

Interesting Bits...

I got my catfish fix again on May 15th at the Gosport Diner. I'm glad to see they are back open! The Tomato Pie Pizza Joint in Paragon is open for carry out and The Cozy Table in Bloomington is also open for carry out. Remember to support our sponsors! By the time you read this many will be open for limited indoor operation again.

Thanks to club secretary Jeff Snodgrass for assisting me with the programming on my new AR637T Spektrum receiver! It required a transmitter firmware upgrade & quite a bit of study in the manual that came with the receiver. There are several YouTube videos available from the Horizon Hobby website that help also. Look in the tech support section.

Here's Bill Van Harz at Nebo Memorial R/C Field in Martinsville on a hot & sweaty May 16th after the maiden flight of his new airplane. Bill's gonna make a few adjustments but it's a keeper. Congratulations Bill!

Tim Porter sent me a picture of the pylon racing results from last year. Several Monroe County R/C Club members are listed. The caption could be "Local Boys Done Good". Thanks Tim!

Welcome race fans!

By Tim Sparks

It's been a bit soggy at the field but there has been a fair amount of flying going on regardless of the soft ground.

You might have noticed we have put the pylons up in preparation of the first Indiana Club 40 pylon race of the year, it will be held at our field on Saturday June 13th. We need you to come race with us! Its easy and if you catch one of the racers at the field he will explain our equipment and can coach you flying the race course, our planes are easy enough to fly, and any sport pilot can handle the planes. Getting fast on the course is the trick! Even if you don't have a regulation race plane we will help you practice the course.

One thing we always need is volunteer helpers. We need as many as we can get. Seven or more volunteers would be ideal. No experience is needed, we provide OJT, and you will see first hand how much fun racing can be.

I'll have more information at the club meeting next week but in the meantime don't hesitate to contact me with your questions.

Sparky

You can call Tim at 812-325-3021 or email him at timsparks35@gmail.com.

Thanks to Kevin Nuetzman for passing along the link to the story of a Spitfire Pilot during WWII. If you didn't get the email, search this link [American Spitfire Pilot in WWII](#). It was a good story.

Jasper Kozacek had a good maiden flight with his Eflite T-28 at the club field on May 23rd. Congratulations Jasper!

My new Airtractor flies very scale-like & looks like the real thing doing it. Just don't expect it to come out of a negative snap with the nose up but that's OK, I don't believe the full scale Airtractors do many negative snaps anyway. The flaps function well & the lights are impressive on a late evening flight at Nebo but I have no plans to try it in the dark.

Ted Backs sent me this picture of a multi-leaf clover he found at the club field. Ted said he would hike to have found it a week earlier *before* his airplane ended up in a tree. You count the leaves. Looks like five to me. Is that better than four? Thanks Ted! Good find...

Event Calendar 2020

June 10 Monthly Club Meeting (at the field)
